The Well Tractor® NG is the latest development in deployment tools from Welltec®. Building on twenty years of tractor experience, Welltec® has incorporated that knowledge into improved performance. Faster, stronger and more compact than the Standard versions of the Well Tractor®, the NG tools enable operators to extend the reach of traditional e-line deployment into highly deviated and horizontal wells even more efficiently.

**APPLICATIONS**
- Clean-out solutions
- Perforating
- Milling solutions
- Fluid sampling
- Mechanical solutions
- Pipe recovery
- Fishing
- SAGD ranging
- Depth determination
- Seismic measurements
- Any e-line service

**FEATURES**
- Passive fail-safe system
- Modular
- Surface read-out compatible
- Logging while tractoring
- Wide range of sizes
- Universal through wiring
- NACE compliant

**BENEFITS**
- Prevents stuck tools
- High speed vs high force
- Configurable
- Maximum efficiency
- Optimal data acquisition
- OH or CH applications
- Large range of ID’s accessible
- Operates on any e-line via DC
